a subsidiary of Prism Acoustics and Training Pty Ltd
Portrait & Product Photography, Graphic Design, Logo and Branding, Illustration, Web Design,

Jagraphix has been my ongoing part time venture since 1980. I have worked in all Areas of Art Design and Craft under that banner.
In the 90's I designed Stamps for The Creative Stamp Collection Pty Ltd and designed Teddy Bear Patterns that were sold through Gerry's Teddies. I also did Australian Wildflower Folk art on vintage products for an antique store and sold hand painted Plant pots and with a friend had a venture where we sold crafts and clothing which she made and I painted.
I created a logo and artwork for Dancer's Edge including Programs for Dance Competitions.
As a member of a local church I taught crafts for the Ladies Group and ran Scrapbooking Workshops for the public in conjunction with the church.

In the past few years I have teamed with Author Bec Filliponi of Beacon Innovative Solutions to illustrate and publish 4 children's story books and other products and Merchandise as well as creating the Beaconis website. We have held Meet the Author & Illustrator sessions in Primary Schools as well as a Children's Writing an Illustrating 2 day course and a Build a Book Program where children collaborate to write and illustrate a fiction with a message book in their class groups. I am also one of the artists involved with the All the Feels School Holiday Program. In 2019 during Covid we recorded all the workshops on video in a make shift studio and held Zoom classes. I did the filming and editing.

Experience

1981 - 1984

Quad Graph - Pre Press

Manager, Sales, Typesetting & Paste Up. Photographer, Camera Operator, Darkroom Technician, Platemaker

My Father and I started this Pre press Company as a subsidiary of Quadrant Instruments Pty Ltd. We produced work for Printers and other clients in all the areas of Pre Press. Among our many clients were Amcal Pharmacy, Glaxo / Deep Springs, Kenworth Trucks

1991 - 2020

Quadrant Instruments Australia Pty Ltd

Receptionist, Book Keeper, Sales, Marketing, Audiometrist

We purchased Quadrant Instrument in 1991 and renamed it Quadrant Instruments Australia Pty Ltd. The Company continued trading until 2020 when we sold part of the business and started a new Company Prism Acoustics & Training (Prismat)

1993 - 1999

Hoddles Creek Primary School

Part time Art Teacher, Art Exhibition Event Organiser, Production Scenery Construction and Production Videographer, Mural Painter.

I worked with the Art Teacher on a regular basis teaching the children Art techniques. When the Art Teacher became ill halfway through the year I taught art to all year levels with the classroom teacher present because I was not a qualified teacher.
I created scenery for a number of school productions. I Organised an Art Exhibition as a schools fundraiser with sponsors & contestants.

1994 - 1997

Creative Recreation and Further Training

Gellingdale Craft Cottage, Patchwork Quilts and Arts & Crafts Exhibition

At Gellingdale Craft Cottage myself and 5 other trainers ran approximately 37 different art and craft classes per term including Kid's Craft and Teen Art.
Many students still have fond memoriesof the classes they attended and skills they learnt.

During this time I joined with a group of other Artists, Crafters and Quilt Makers to organise and run a Patchwork Quilt and Arts and crafts exhibition. We hosted a Private Collection of Antique Amish Quilts as well as many Arts and Crafts.
